POLICY STATEMENT

Date: January 21, 2006

From: Board of Directors

RE: Membership Fees for Mid-Year Members

- 1) Membership dues in the CCI are comprised of two fees:

Membership Dues = CCI National Fee + GHC Chapter Fee

- 2) Membership dues in the CCI (prior to December 31st) are applied to the current membership year from July 1st to June 30th
- 3) Members that join mid-year (after December 31st) have their dues applied to the following membership year. Their membership is thereby effective July 1st.
- 4) Members that join mid-year (after December 31st) and wish to be recognized as members for the remainder of the current membership year (as indicated on their application), are required to submit the CCI National's registration fee (in full), and a discounted Chapter fee. These fees will then reflect the remainder of the current membership year, and enable GHC to recognize the member for receiving Chapter benefits. i.e. Condo News distribution, event discounts.
- 5) The Chapter Fee will be discounted 50% between January 1st to March 31st and 75% April 1st to June 30th.
- 6) This policy does not apply to members who are renewing from the previous year. It is only effective for new members.
